Cutting-edge Research for a Changing World

Postdoctoral Researcher – Agentic Correlative Image Analysis for BlueMaterials

JobID: 1058 – 2026/MB 3

Location: Rostock

Application deadline: 23 September, 2026

Join the Cluster of Excellence "BlueMat: Water-Driven Materials" (www.tuhh.de/bluemat) and collaborate with a dynamic, interdisciplinary team that combines science, sustainability, and technology to create a better future. Help shape the next generation of sustainable materials inspired by nature's most powerful resource: water.

For the Institute of Metallic Biomaterials, Helmholtz-Zentrum Hereon for as soon as possible, we are looking for a Postdoctoral Researcher – Agentic Correlative Image Analysis for BlueMaterials. In principle, the
