LET'S DEVELOP QUANTUM COMPUTERS TOGETHER!

JOIN A DYNAMIC AND INNOVATIVE TEAM AT THE FOREFRONT OF QUANTUM TECHNOLOGY!

The **Munich Quantum Valley (MQV) gGmbH** (www.munich-quantum-valley.de) is a non-profit organization supported by the Bavarian state government as part of the Hightech Agenda Bavaria. Its mission is to develop quantum computing demonstrators based on superconducting qubits and neutral atoms and to make them available for applications in science and industry.

We are seeking a highly motivated and experienced Head of Communications and Marketing (m/f/d) to strategically expand our international reach and to cement our position as a thought leader in the global quantum community.

Head of Communications and Marketing

Your responsibilities:

- Develop and execute a holistic communications strategy across all key channels.
- Manage and further develop our social media channels, website, and newsletter.
- Draft press releases and maintain media contacts.
- Create an annual communications plan in close coordination with senior management and the management board.
- Coordinate the creation of content (text, images, and video as needed) for online and print formats.
- Build up and implement an integrated strategy for brand visibility and thought leadership in the quantum space. This involves leading the creation of high-quality publications (e.g., whitepapers, policy briefs) in cooperation with prestigious academic and industry partners.
- As part of annual event planning, organize and execute high-profile events (e.g., MQV summits, executive roundtables, fundraising campaigns), and represent MQV at relevant national and international conferences and trade shows together with the outreach team.
- Oversee and coordinate all internal and external communications activities, and analyze and report on marketing metrics.
- Identify and evaluate research findings in quantum science, and translate them into accessible journalistic formats and presentation styles for original content published across the web portal, affiliated websites, social media channels, and press releases.
- Monitor and evaluate media trends.
